

**"The Keeping of Bees is like the directing of Sunshine"**

**a performance/installation created and performed  
by Joanna Haigood and Mark Thompson**

**costume by Carolyn Klisman**

**THIS PERFORMANCE/INSTALLATION WILL INTEGRATE LIVE HONEY BEES.** If you know that you are allergic to bee stings, please notify a monitor before entering; they will be stationed both inside and outside the gymnasium and wearing yellow arm bands. For your protection, the audience seating and performance areas have been divided by netting. Please refrain from handling it. On the ground floor there will be a small number of live bees against the windows. Please do not disturb or approach them too closely.

Also, we request that you remain as quiet as possible and not applaud at the conclusion of the performance. Your cooperation is appreciated.
